Test Title: Order products

Description: Test ordering products process

Objective: Confirm that users can successfully place an order for products.

Test Designed by: Group 1

Test Designed date: 19/11/2023

Test Executed by: 6487001

Test Execution date: 19/11/2023

Pre-conditions: User must be able to order to products.

Step	Test Steps	Test Data	Expected Result	Actual Result	Status (Pass/Fail)	Notes
1	Search for the product you want.		Navigate to desired product.	Show the desired product.	Pass	
2	Click on 'Add product to cart button'.		Add product to cart.	The selected product was successfully added to the cart.	Pass	
3	Click on 'Icon cart button'.		Navigate to cart page.	Navigated to cart page with successful.	Pass	
4	Click on 'Checkout button'.		Navigate to fill address page.	Navigate to fill address page with successful.	Pass	
5	Fill the address form.	First name = Sorawit Last name = Auetrakul House Number = 150 Street Name = Mahidol Apartment = SalayaOne	User should be able to enter an address.	User enter an address with successful.	Pass	

		Town / City = ChinaTown Postcode / ZIP = 10500 Phone = 0981111111 Email address = petch47758@gmail.com				
6	Fill the address form (Fail).	First name = Sorawit@777 Last name = Auetrakul*999 House Number = 150! Street Name = Mahidol+ Apartment = SalayaOne& Town / City = ChinaTown% Postcode / ZIP = 10500$ Phone = 0981111111A^= Email address = petch47758#	User should be able to enter an address.	User enter an address with successful.	Fail	This is because Firstname and Lastname should not contain special letters and numbers. This is because HouseNumber, StreetName, Apartment, TownName and PostCode should not contain special letters. This is because Phone should not letters, contain special letters and number. This is because Email doesn't match the form. All of this, including anything that is not filled in, will not allow the order to be placed.
7	Click on 'Place order button'.		Navigate to purchase the product page.	Navigate to Successfully purchased the product page.	Pass	

Pre-conditions: User can successfully order to products.
